# Purpose

Our reasons why...

Bella Build and Design is thrilled to continue our partnership with Ronald McDonald House Adelaide, hosting our second Wheels and Dreams Fundraiser at the Shell V-Power Motorsport Park [The Bend].

This event aims to raise funds for RMHC, providing further accommodation, meals, and support to ease the burden on families from regional South Australia.

With your help, we can further make a meaningful difference where it matters most and deliver an unforgettable experience for the children and their families on the day.

***“To see the joy the kids had when they came back with their drivers was truly something we'd never forget.”***

*- CEO of RMHC*
